*Somekh Family Foundation*

# Bio Fuels Workshop Goals

**Summarize Bio Fuels technology/business**

**Discuss and try to reach a consensus:**

- Can Israel become a leader in Bio Fuels technology?
- What area/s to focus on?
- How to collaborate in academia and academia/industry/government?

# Bio Fuels Workshop Goals

## Developing a strategy for each area

### **SUCCESS CRITERIA:**

- Be specific as to what accomplishments in 5-10 years will be considered a major success
- Measurable results in technology/business/impact on the world

### **PROBLEM STATEMENT:**

- Problems that stands between you and success.

### **STRATEGIES:**

- Plans to address the problems and achieve success
- Make sure to include ideas for collaboration within academia and academia/industry/government.

### **DELIVERABLES OVER THE NEXT 12 MONTHS:**

- List the action items that are needed to launch these strategies
- Item, owner and completion dates if possible
