

Enclosed please find a list of our new publications. You are invited to visit our web site at [www.neaman.org.il](http://www.neaman.org.il) , download and read the recent publications of the Samuel Neaman Institute.

Please also note the following seminar that will take place during October :

## New Publications

### [Evaluation Of Space Industry's Impact On Israeli Economy](#)

The purpose of this project is to map out the interconnections between Israel's academy, national defense system and industry, in the light of the country's growth in space industry and in space technology R&D.

### [Human Resources for Science and Technology in Israel - Selected Topics \(Part B\)](#)

The goal of this project, which is operating under the auspices of the S. Neaman Institute and the National Council for Civil Research & Development (MOLMOP) is to present data on the science and technology human resources in Israel.

### [Education Of Plastic Carrier Bag Use: An Analysis Of Alternatives In Israel](#)

Plastic carrier bags have been drawing the attention of the public and politicians. Different policy measures to reduce the environmental burden of these bags have been implemented and more are planned.

### [Choosing a Male Specialty : Women Surgeons](#)

The revolution in society which occurred in the last decades due to social and organizational changes has a great impact on our life in general and on occupational changes related to women in particular. Slow changes started appearing in life styles, to which many medical students reacted, by changing their list of priorities in ranking specialty choices and considering the implication of their choices, on life style.
